- Mobile & Stationary Models available
- Dual Torque Range
TR1: 0 to 150 ft/lbs
TR2: 0 to 250 ft/lbs
(User Adjustable)
- Height & Reach Adjustable
- Over 5-ft of Reach
- Step & Lock Foot Break
- Electric/Hydraulic Power Unit
- Multiple Drive Fittings to Adapt to Most Trailers

TO-E02-MP

The Electric over Hydraulic powered WORKMASTER® Wellman TO-E02-MP Mobile Position Bulk Trailer Trap Opener features a motor-mounted 4 wheeled base for unloading site characteristics that require maneuverability up and down the unloading zone.

TO-E02-NA

The Electric over Hydraulic powered WORKMASTER® Wellman TO-E02-NA Narrow Aisle Bulk Trailer Trap Opener is powered by an external motor unit, and is designed for sites that are especially confined in space yet still require maneuverability up and down the unloading zone.

The WELLMAN Bulk Trailer Trap Opener

WORKMASTER
WE FIND A WAY — OR MAKE ONE!

Our Trailer Trap Openers are the ideal choice for worksites which experience:

- Stubborn Rusted Trailer Traps;
- Fixed position and traveling traps;
- Rough or uneven unloading site terrain;
- Trailer Traps with varied height capstans;
- High productivity Unloading Sites which require rapid opening, closing, and continuous movement.

Benefits

- Adjustable height & reach compensates for differing height traps/unloading decks
- Reduces risk of injury
- Increases opening speed & efficiency
- Won't Damage Rack & Pinion Traps or Strap Style Traps
- Greater productivity with reduced man-power
- Provides energy efficient adjustable force output at a constant RPM
- Heavy-duty steel construction powder coated to withstand rugged unloading site conditions

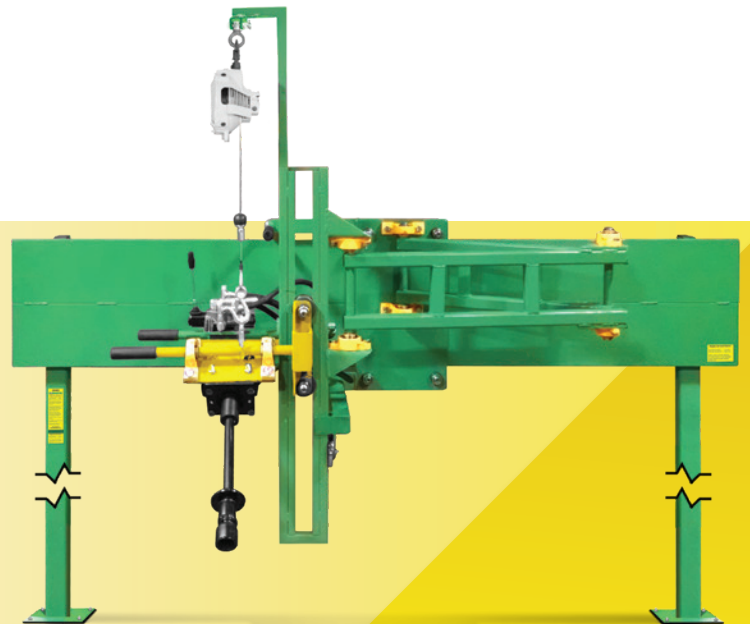

TO-E02-FP

The Electric over Hydraulic powered WORKMASTER® TO-E02-FP Fixed Position Bulk Trailer Trap Opener is permanently installed on your unloading site with an external motor unit. This model is best suited for sites with an unloading zone that's limited to 10 ft.

TO-E02-TK

The Electric over Hydraulic powered WORKMASTER® TO-E02-TK Track Mounted Bulk Trailer Trap Opener is permanently installed on your unloading site with an external motor unit. This model is able to be foot mounted or wall mounted on your unloading site. It is best suited for sites with an unloading zone that's limited to 20 ft.

WORKMASTER®

WE FIND A WAY — OR MAKE ONE!

WORKMASTER® is a manufacturer of labor savings bulk material handling tools to help safely and efficiently unload, transport, store and process bulk solids from hopper bottom railcars, bulk trailers, bins, silos and chutes. To help Customers gain maximum benefit from our bulk materials handling tools and equipment, we also supply a complete line of operating, mounting, and maintenance products and accessories, such as Timers and Motor Controls, Vibrator Mounts, and Lubricating Oils to help keep your unloading site tools running longer and more efficiently. WORKMASTER products help Customers work more safely and efficiently, increase the lifespan of production-critical equipment, and decrease operating and maintenance costs of tools and equipment used in some of Industry's most dangerous, difficult, and dirty jobs.
